One-child policy - Wikipedia

China's one-child policy was part of a birth planning program designed to control the size of its population. Distinct from the family planning policies of most other countries (which focus on providing contraceptive options to help women have the number of children they want), it set a limit on the number of children parents could have, the world's most extreme example of population planning. - Tue, 12 Mar 2019 22:07:00 GMT

Colonization - Atomic Rockets

A more dubious reason is that the author is writing about Bat Durston, that is, they are being lazy by writing a space western. Westerns are set in the wild west, the corresponding location in science fiction is an interstellar colony.
